To change the ambient temperature, push the up or down arrow on the control panel. In some of the rooms, the control board is hidden in the panel of the heating system. Room windows must remain closed at all times to ensure the air conditioning system operates properly. Temperature control is accessible only at lunch time and after 4 pm. At other time, the temperature in the rooms is programmed.

### Problems and malfunctions

# Rules

46°23'26" 72°59'95"

## Respect for police recruits

During your stay at the School, you will be meeting and mingling with police recruits enrolled in the Police Patrolling Basic Training Program. They have to abide by many rules. We ask you to set an example by abiding by the policies, instructions and rules in force at the School.

The curfew for police recruits is 10:00 p.m. The use of any noisy device is therefore prohibited between 10:00 p.m. and 6:00 a.m. Also, we ask that you limit the noise range in your room and when you move around the School during this period.

Also, rooms located in aisle C on the 3rd and 4th floors are reserved for the recruits. Other clientele is not allowed in this area.

## Firearms

Police officers staying at the School must conform to the clauses of the Firearms Act (S.C. 1995, c. 39) and the directive DIR 03-01. These documents can be found at the Carrefour de l'information et du savoir - CIS (Library) and in the publications of the School website at [www.enpq.qc.ca](http://www.enpq.qc.ca). Their service weapon must be stored in the safe in their room. Instructions are on the safe.

## Alcoholic beverages

It is forbidden to bring or drink alcoholic beverages in all the rooms and the buildings of the School. The Pierre-Caron lounge (MESS) is the only place where you are allowed to consume alcoholic beverages at the School.

## The Tobacco Act

In accordance with the *Quebec Tobacco Act* (CQLR c T-0.01), smoking inside the School's buildings and rooms is prohibited. The only smoking area is the outside of the building.

Also note that you must respect a 9 metres non smoking zone at the entrance of the sports centre. Please use the ashtrays installed outside, near the building's access doors.

Moreover, vaping (use of electronic cigarettes) is prohibited inside the School buildings.

## Dress code at the School

Business casual wear or uniform is the required dress code on the School campus during training periods. The uniform must be worn without any omission, addition or modification and cannot be altered for any reason whatsoever.

***Please note that all clothing made of denim is prohibited during this period.*** In the cases of students in training at the École nationale de police du Québec, currently employed by an organisation, they must comply with the School dress policy, which shall have priority over the dress code required by his employer.

At the cafeteria, the same attire is required. Also, wearing a peak cap, sportswear or sport shoe is prohibited. Two exceptions are listed for this rule:

1. The comedians may wear these clothing equipments when requested in the training scenarios.
2. Sportswear, bulletproof vest and equipment belt will be tolerated at the cafeteria, either for employees and clients, only between two courses.

Please note that **you should not wear a uniform at the Pierre-Caron lounge (MESS) after 7 p.m.**, business casual wear or casual wear will be required. Denim clothing, including jeans, is accepted exclusively during this period. Ball caps are prohibited at all times at the Pierre-Caron lounge.

**The School reserves the right to deny access to training or an activity to any client or student who does not respect these rules.**

Any request to modify the dress code must be authorized by the School Administration.

As a think tank and an integrated police training activity centre, the École nationale de police du Québec is also a neutral establishment in regard to differences in labour relations that may occur within its clients' organizations.

In order to keep this notion of neutrality, the School maintains the enforcement of its policies and directives regarding wearing of the uniform for police officers engaged in pressure tactics whether they are participants in advanced training or meetings, casual instructors, members of committees, or visitors.

# Policy and procedure to foster a harassment-free environment

In order to ensure a harassment free work and study environment, where everyone is treated with respect and dignity, the School has enacted a policy and ensuing procedure aimed at preventing any form of harassment.
